COLIN KELLY (Pat. Applied For)
Formerly No. 267

MARSH'S NURSERY

SYcamore 3-4277
PASADENA 4, CALIFORNIA

150 NORTH LAKE AVENUE

"In the center of Pasadena"

Red Sweetheart

PAT. 577

Carmine red buds opening to rose red blooms. The flowers are slightly smaller than those of Pasadena Tournament when fully open. In many ways the lighter color of Red Sweetheart is appropriate for many occasions where less color display is desired. The buds make exquisite corsages, boutonnieres. Small, daintier bouquets are delightful with Red Sweetheart.

In cooler weather the color is deeper and richer. Red Sweetheart in the garden will produce very well formed buds that are brighter than the popular florist's Sweetheart roses and the dainty, tiny buds, almost completely devoid of thorns are easily picked.

Bushes of Red Sweetheart seldom exceed 3 feet, more commonly 2-2½ feet in height, making a compact, neat bush. It can be planted in front of Pasadena Tournament for special effects.

Each \$1.50, 3 for \$3.75, Doz. for \$15.00

Pasadena Tournament

Pat. 578

The name, "Pasadena Tournament" has a counterpart in the Tournament of Roses, the famous Football pageant annually held, until the war, in Pasadena. From the small, dainty red buds come regular size velvety red flowers, literally bursting into a glorious pageant of rose beauty.

In the garden Pasadena Tournament makes a compact small to medium size bush. Well clothed in good rich green foliage. Since it is almost completely thornless, it can be used in masses close to walks without the damage of torn clothing. Dainty in every way, it is best placed where it can be easily admired.

Each \$1.50, 3 for \$3.75, Doz. \$15.00

RED SWEETHEART (Pat. 577)

Colin Kelly

PAT. APPLIED FOR

Last season we held a contest to name this new rose, then only No. 267. We had a surprising response from many of our friends and from the names selected we chose that of Colin Kelly, submitted by Mrs. H. I. Durston, Nampa, Idaho.

Lest we forget, Capt. Kelly was the first hero of our war with Japan. He gave his life attacking the battleship Haruna, which we are glad to hear is now on the bottom!

Colin Kelly is a beautiful, lively pink changing to cerise red according to the weather and season. Its fragrance, so delightful, pleases everyone. Makes a good vigorous bush with excellent foliage and a free flowering habit.

Our stock is limited this season so we will accept orders as they are received and as long as the stock lasts.

\$2.50 each

PASADENA TOURNAMENT (Pat. 578)

NOVELTY AND PATENTED BUSH ROSES

California (Pat. 449). One of the finest for southern California. In the full sunshine and rich soil of California this rose is aptly named. Enormous flowers of ruddy orange toned with saffron-yellow. \$1.50.

Charlotte Armstrong (Pat. 455). This rose of recent introduction is receiving wider popularity generally upon merit alone. Flowers cerise and pink verging on red. A strong vigorous free-branching habit. Produces many flowers for cutting. \$1.50.

Crimson Glory (Pat. 105). It may be the immense, well formed flowers or the lovely deep shade of velvety crimson that makes this rose so popular but all we can say is that it ranks among the top few good red roses. Fascinating fragrance. \$1.50.

Eclipse (Pat. 172). Exceptionally long pointed pale yellow buds often two inches long. Mildly fragrant but continuously in bloom. Open flowers with only a few petals. \$1.25.

Floradora. New, delightful, and brilliantly colored polyantha. Bright orange-red flowers. Supplies a needed color in this group of bedding roses. (Pat. applied for.) \$1.50.

Fred Edmunds (Prop. rights reserved). Beautiful buds of burnt-orange open to lasting blooms of reddish apricot blended with rose, gold and salmon. A very vigorous free-blooming rose. \$2.00.

Grand Duchesse Charlotte (Pat. rights reserved). Buds a rich claret red changing as the flower opens to a lovely begonia rose. Richly fragrant and unusual in color. \$1.50.

Heart's Desire (Pat. 501). All America Winner in 1942. Long-pointed buds of bright red are exquisite and open to gorgeous red blooms. Extremely fragrant. Keeps well when cut. \$1.50.

Horace McFarland (Pat. Pending). Richly colored, long pointed buds so desirable in modern roses are freely produced over a long season on this new introduction. Buds rich orange pink, opening to large double flowers varying in tone from apricot-pink, through salmon-buff to coral pink. \$2.00.

CHARLOTTE ARMSTRONG
(Plant Patent No. 455)

CALIFORNIA (Patent 449)

Katherine T. Marshall (Pat. 607). Perfect form, long stems for cutting, and a rich fruity fragrance combine in this rose to make one of the finest pink roses of recent introduction. The blooms are a warm, friendly pink similar but better than the old type of Radiances roses. \$2.00.

Loweli Thomas (Pat. 595). Very double high centered flowers of a lasting canary yellow. Large long-pointed buds. Vigorous compact bush of upright habit and leathery foliage. \$2.00.

Mandalay (Pat. applied for). One of the largest yellow roses. The long pointed buds open slowly without fading in rich color or delightful fragrance. A hardy prolific grower and continuously in bloom. This rose comes with excellent recommendations. \$2.00.

HEART'S DESIRE (Pat. 501)

COPYRIGHT

PINOCCHIO (Plant Pat. 484)

MME. CHIANG KAI-SHEK (Plant Pat. Applied For)

Mme. Chiang Kai-Shek (Pat. applied for). Buds large, long-pointed opening to long-lasting very large flowers of Empire yellow fading to lemon yellow as the flower matures. Excellent leathery, glossy dark green foliage. \$2.00.

Mme. Henri Guillot (Pat. 337). Long shapely buds of orange-red and rose opening to camellia-like blooms of rich raspberry pink with a suffusion of gold. \$1.50.

Mirandy (Pat. applied for). Winner of All-America Rose Selections 1944. A fully double deep red rose from nicely pointed buds. Open flowers high-centered, excellent form, especially in cooler weather. \$2.00.

Pasadena Tournament (Pat. 578). See page 2.

Peace (Pat. 591). This is the rose everyone will be talking about next year. The very large bud, ovoid in shape opens into one of the largest, cup-shaped and high centered flowers we have seen. It is fully double, moderately fragrant and the color, pale lemon at the base of the petals to a rich "Martius" yellow and sometimes edged with light pink. Free and continuous bloomer. \$2.50.

Pinocchio (Pat. 484). Floribunda. An ideal companion for those small roses you have like our Pasadena Tournament and Red Sweetheart and others. Plants are dwarf, around two feet tall—just the right size for mass planting or edging. Always in bloom with its pointed buds, salmon flushed gold in large clusters. \$1.25.

Poinsettia. A dazzling brilliant red rose. High centered buds and velvety texture combined with the brilliant color make the flowers practically glow on the bush. Long stems, excellent for cutting. \$1.25.

Red Sweetheart (Pat. 577). See page 2.

Santa Anita (Pat. rights reserved). Produces quantities of perfect flowers. Lovely clear pink, excellent for cutting. \$1.25.

Sonata (Pat. applied for). Large perfectly shaped flowers open very gradually and artistically from long pointed buds. Buds deep red; flowers high centered of the same color but outer petals slightly deeper in color. Abundant, sweetly fragrant bloom. \$1.50.

Texas Centennial (Pat. 162). Tall vigorous strong canes of Pres. Hoover, but with magnificent full buds opening to carmine-red flowers, which in cooler weather are deeper in color. \$1.25.

The Doctor. An enormous large-petalled pink rose. Exquisite silver-pink, fragrant. A little extra attention in the garden will insure a good production of flowers. \$1.25.

BUSH ROSES

GENERAL LIST

No. 1 Roses, \$1.00 each.

Autumn. Handsome buds of burnt orange, open flowers heavily suffused with russet-brown and bronzy-red on a background of rich yellow, reminiscent of autumn foliage colors.

Caledonia. Beautifully shaped, long snowy white buds opening to pure white flowers. Deliciously fragrant. Very double and long lasting. Free flowering but best in the cooler weather.

Cecil. Large star-shaped single rose of golden yellow. Freely produced on a low branching, bushy plant. Glossy foliage and long blooming habit make this quite an effective plant for color in the rose garden.

Cecile Brunner. Tiny flowers. Buds pink shaded to salmon. Always in bloom. This rose, with our Pasadena Tournament and Red Sweetheart are three of a kind, very different from the usual large flowered roses.

Christopher Stone. One of the finest red roses. Brilliant crimson-scarlet becoming deeper as the flower ages. Does not "blue" or fade in heat.

Condesa de Sastago. Unsurpassed in brilliance is this bi-colored rose of Spanish origin. Large, fairly double flowers are a glowing orange-scarlet on the inside of the petals and intense bright yellow on the underside. Sweetly fragrant. Very popular.

Dainty Bess. A dainty single rose, five delicate pink petals, surrounding a bunch of wine colored stamens. Last well when cut, continuously in bloom.

Dame Edith Helen. Still a very popular pure pink rose. Large, fully double flowers on long stems are deliciously fragrant and a clear rose pink, glowing yet soft. Excellent for cutting.

Duquesa de Penaranda. Orange-apricot with deeper coppery tones. Huge pointed buds, quite double, sweetly fragrant and long lasting when cut. A dependable garden rose.

PEACE (Pat 591)

MANDALAY

E. G. Hill. An old timer, yet immensely popular mostly because it is one of the best red roses yet introduced. Never fades and the deep scarlet actually becomes deeper as the flowers open.

Etoile de Hollande. Popular red rose with perfect buds of medium size opening to glorious flowers of brilliant red. Very fragrant and non-fading. Healthy free branching bush.

Eulalia. A large fully double pink rose with high center. The color is a bright clear rose pink shaded silver pink on the outer edge of the petals. Excellent fragrance—vigorous growth.

Federico Casas. Richly colored coppery-pink and yellow buds somewhat reminiscent of Talisman but flowers are frequently richer in color and the buds better shaped. Best in cool weather. Hardy.

Feu Joseph Looymans. Long slim buff yellow buds shaded with glowing old gold and apricot. A good bloomer with fine mildew free foliage. Does best if allowed to develop.

Frau Karl Druschki. Large well-shaped ivory-white blooms and glossy foliage, has kept this variety in favor for many years.

Golden Dawn. Well formed fragrant flowers sunflower yellow turning to lemon yellow. A profuse and continuous bloomer with large oval buds with delicious old "Tea Rose" fragrance. Bronzy foliage.

Golden Rapture. Glowing rich yellow, seldom fading. Mild pleasant fragrance. Produces perfectly formed buds. Excellent deep green foliage. A fine yellow rose.

Hadley. An old favorite with brilliant rich crimson flowers and buds on long stiff stems. Richly fragrant. A must for all rose gardens.

Hinrich Gaede. A multicolor rose of extremely fine merit. The combination of colors may change with the season, but generally orange-scarlet, copper-orange and vermilion appear in the bud and flower. Rich fragrance.

Isobel. Large single flowers of carmine red and orange fading to pink. Strong growing and profuse in bloom.

MRS. SAM MCGREDY

Innocence. Large, single, snow white blooms befitting the name in purity. Amber stamens in the center make a delightful contrast. Spicy fragrance.

J. Otto Thilow. Long buds of deep pink. Heavy full petaled high centered flowers. Delightful color and fragrance.

K. A. Victoria. Popular old favorite white rose. Blooms freely and continuously. Beautiful buds and full flowers of pure ivory white.

Los Angeles. This pink rose was first introduced in 1916 and its popularity today is some indication of the merit of the rose. Color is a rich flame-pink shaded golden yellow. Free flowering.

Lulu. Dainty long slender buds of coral-apricot cover the bush at all times. Low, bushy vigorous bloomer. Very fine, single, excellent for cutting.

Margaret McGredy. Brilliantly colored, orange scarlet or brick red. Short stocky buds open to large, full and magnificent flowers.

McGredy's Ivory. Creamy ivory-white buds, becoming clear white as the flower opens. Occasionally flowers will assume a faint pink flush in cool weather. Delicate fragrance and perfect flowers.

McGredy's Scarlet. A vivid deep red rose sometimes showing a scarlet glow as the bud opens. Buds long and slender—beautifully shaped, long stemmed—just right for cutting.

Mrs. E. P. Thom. Clear canary-yellow buds and double flowers, together with ruddy green foliage, so disease resistant, has kept the popularity of this rose since 1926.

Red Talisman. Red sport of the favorite Talisman. A good deep red, with Talisman buds.

Mrs. Pierre S. DuPont. Stiff erect stems supporting medium-size golden yellow buds. Heavily fragrant. Luxuriant, glossy green foliage.

Mrs. Sam McGredy. A beautiful combination of shades of scarlet copper and orange heavily flushed on the outside of the petals with bright red. Fragrant. Profuse and continuous bloomer.

Night. Deep crimson, shaded with black and maroon. Good form and spicy fragrance. Flowers best in cooler weather.

Picture. One of the best roses of all. Perfectly formed buds and flowers. Lovely warm pink with undertones of salmon. Sweetly tea-scented. Healthy and free-flowering.

Pink Talisman. Many prefer the vase shaped buds of Talisman and enjoy having it in different colors. Here is a good pink sport of Talisman. Excellent color and form. \$1.25 each.

Pres. Herbert Hoover. One of the best multicolored roses, combining many shades and tones of cerise, pink, flame, scarlet and yellow. Slow opening and deliciously fragrant.

Red Hoover. The free flowering habit; glorious well shaped buds and flowers so admired in the regular rose are here a rich red color. Exquisite fragrance.

Red Radiance. Rich cerise red. Very delightfully fragrant. The Radiance roses are well known in southern California and have long proven their adaptability to our climate, soil, growing conditions.

Rose Marie. One of the finest pink roses. Flowers perfectly formed, full and long-lasting as a cut flower. Deep rose pink, beautifully veined. Rich sweet perfume.

Sister Therese. Fragrant chrome yellow flowers, tinged with carmine, open to clear golden yellow. Free branching, strong-growing, with good, leathery bright green foliage.

Snowbird. Almost pure white. One of the prettiest little white roses. Buds fascinating—long, beautifully shaped opening to small, high centered flowers. Very fragrant. Performs very well.

Talisman. So well known as to hardly need a description is this popular multicolor rose. Exquisite buds freely produced, brilliantly colored orange-scarlet and golden yellow.

Treasure Island. Long pointed buds with long stems. Brilliant coppery-orange. Petals flaming coppery orange outside, shaded to gold at the base on the inside. Flushed with salmon. In cooler weather the flowers are more pink in color.

Victoria Harrington. A magnificent dark red rose. Buds long, perfectly formed. Flowers with spicy fragrance. One of the finest reds.

Ville de Paris. Open flowers are cup-shaped, with delicious tea fragrance. Clear sunflower yellow. Foliage glossy, deep green.

ETOILE DE HOLLANDE

CLIMBING ROSES

No. 1 Roses, \$1.25 each, except where noted.

Belle of Portugal. A vigorous climbing rose so useful for covering walls and arbors where the beautiful salmon-pink flowers of gigantic size make a show of color from January to May.

Cl. Cecile Brunner. Miniature buds and perfect small flowers literally cover this popular climbing Polyantha. Everblooming. Fine, dense foliage.

Cl. Christopher Stone (Pat. 626). We are introducing this beautiful red climbing form of Christopher Stone, popular everywhere as one of the finest red roses. Crimson scarlet roses of the same form are freely produced on a sturdy vine with excellent foliage. \$2.00 each.

Cl. Condesa De Sastago. Combination of rich orange-red, gold, and yellow, with glossy foliage make an exquisite show of color.

Cl. Countess Vandal. Flowers and buds like the bush form but of slightly greater profusion. Vigorous growing, producing choice buds for cutting. \$1.50.

Cl. Dainty Bess. All the charm of Dainty Bess—single, delicate pink with deep wine stamens—in profusion, make this one of the best climbing roses for trellises and fences.

Cl. Duquesa de Penaranda. An intriguing apricot-pink. Vigorous habit with excellent foliage.

Cl. Etoile de Hollande. Fine red buds by some considered even better than the bush type. Foliage good, flowers delicately fragrant.

Cl. Good News (Pat.). Flowers coppery-pink with shell pink on the outer petals. Very double and possessing a delicate tea fragrance. \$1.50.

Cl. Hadley. Velvety-red buds on long stems. Very freely produced from March to December. Pleasingly fragrant.

Cl. Heart's Desire (Pat. Applied for). Large, fragrant, deep red roses, same as the bush type, now available in a climbing form. \$2.00 each.

Cl. Hinrich Gaede (Pat. 244). A very showy climber. Vigorous habit and free flowering. Blooms very brilliant—orange vermillion. Blooms for a long season. \$1.50.

Cl. McGredy's Yellow. Fully double flowers of buttercup yellow set against heavy deep green foliage.

Cl. Mme. Henri Guillot (Pat. Applied for). Shapely long buds colored orange-red and rose opening to large camellia-like flowers. Rich raspberry red suffused with gold. \$2.00 each.

CLIMBING CHRISTOPHER STONE

Cl. Mme. Joseph Perraud (Pat. rights reserved). Although less subject to mildew than the bush form we recommend it only for planting where the summers are hot. Intense color, good form. \$2.00.

Cl. Mrs. E. P. Thom. A vigorous climber with quantities of perfect yellow buds of flawless quality.

Paul's Scarlet Climber. Intensely vivid semi-double flowers of bright scarlet, freely produced in clusters. Makes a mass of showy bloom.

Cl. Picture (Pat. 524). Clear rose pink with tones of warm salmon showing through. The flowers are perfect just as in the bush. A climber of exceptional merit. \$1.50.

Cl. Pres. Hoover. Free blooming, multicolored in pink, red, yellow and buff. Perfect in form on long stems for cutting.

Cl. Red Radiance. Climbing form of the well known bush variety. Has large red flowers, good buds.

Cl. Red Talisman. Glorious Talisman buds in deep red.

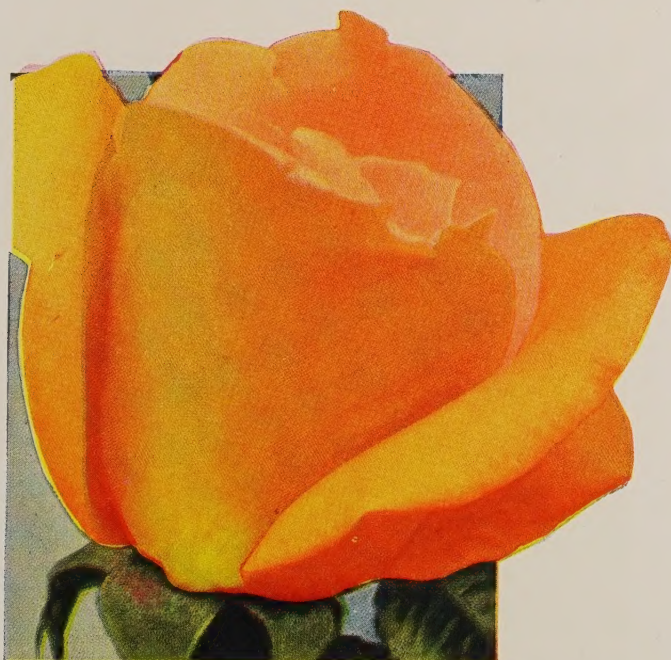

Cl. Rose Marie. Vigorous climber. Sport of Rose Marie, clear rose pink. Splendid rose.

Cl. Souv. De Mme. Boulet. Vigorous and free flowering. This is one of the best yellow climbers. Buds pointed and open flowers, both a lasting deep rich yellow.

Cl. Talisman. For trellis, fence or arbor, the old favorite Talisman in climbing form will make a most pleasing sight. Red and gold, free-flowering.

Cl. Victoria Harrington. A climbing form of the beautiful bush rose—magnificent dark red long-pointed perfectly formed and spicily scented as bush.

Cl. Yellow Cecile Brunner. Small dainty yellow flowers in great profusion. Strong growing vine.

Please Read Carefully Before Ordering

GUARANTEE OF INSPECTION:

Our nursery is inspected regularly by the Los Angeles County Agricultural Commission and we have a certificate guaranteeing a clean bill of health for all our plants. All plants purchased from us can be delivered and planted without further inspection in Los Angeles County, however, shipments to other counties must be inspected at their destination.

We take great care in marking plants. If plants are mislabeled, we will be liable only to the purchase price or a replacement of the plant.

Due to government freezing order of cans most of the items that we used to carry in containers during the year will be limited. We ask your cooperation to buy items that can be bought Bare Root early.

SHIPPING:

We have specified some items as postpaid, in which case the price includes packing and shipping charges. Some bulbs, all bare root roses and fruit trees and perennials will be sent to destination west of the Rocky Mountains, prepaid when 15% of the order is included for this purpose. Shipments of bare root plants east of the Rocky Mountains will be sent prepaid if 25% of the order is included for shipping. Plants from heavy containers will be shipped Express Collect.

TERMS OF SALE

Please send Cash with Order. We are obliged not to accept mail orders for less than \$1.00. Orders originating within the state of California require the payment of State Sales Tax by the purchaser. Please add 2½% for this purpose. Please do not send stamps.

The above 3 named varieties: Top size \$1.50 per doz. Postpaid.

CALLAS

Callas. No garden in California is complete without some callas. The white has been most popular but the newer colored kinds offer much in interest because of their dwarfer habit of growth and rich colors. All very easy to grow in good soil kept well watered.

Large White (Aethiopica). Very popular. Large white form of lovely texture. 15c each.

Golden Yellow (Elliotiana). Luxuriant deep green leaves with silvery speckles. Flowers golden yellow. 25c each.

Large-flowered Pink (Rehmanni superba). Taller than the usual pink calla and with real pink flowers. 50c each.

CALLA COLLECTION OFFER. One root each of white, yellow and pink Callas will be sent postpaid for 90c.

FREESIAS

Freesias. For fragrance in the garden and indoors when the flowers are cut there is hardly a bulb superior to Freesia. Plant them in quantity for many of the lovely colored kinds are exceptionally desirable.

Rainbow Mixture. Choice blend of colors. 35c doz.; \$2.25 per 100, postpaid.

TECOLOTE GIANT RANUNCULUS

Ranunculus. For southern gardens these bulbs take the place of tulips. They are so well known as to need little description. The tall graceful stems have lovely large double flowers in many shades from white through orange, yellow, pink and red. Plant as for anemones one inch deep with the claws downward. In cold climates plant well after the ground has warmed in late spring.

Superb Mixture of Giant Ranunculus. Top size, 15 for \$1.00; medium size, 30 for \$1.00; small size, 60 for \$1.00.

The bulbs listed on this page are best grown in pots where the winters are cold.

ANEMONE, HIS EXCELLENCY

"Giant Oaks from Little Acorns Grow"

This season we are offering a number of shrubby plants in small size from 2¼-inch pots which we have grown especially for mail orders. Our customers in California and in similar climates will find these to be a most economical way of getting a start of some shrubs and those in others climates will welcome them also. The larger sizes are often too big to set out in pots or porch boxes or tubs but these little plants are just right. Packing and postage on these are at the rate of 25c for 3.

HIBISCUS

Hibiscus. No shrub is more typical of California than this glorious almost everblooming shrub. Hibiscus get to be a good size but can be cut back safely if pruning is done just as new growth starts. All varieties do well near the coast, although the single varieties are better inland. The lush evergreen foliage is always attractive.

Agnes Gault. Very popular large flowered pink. Single. Gal. \$1.00; from 2¼" pots 35c.

Double Agnes Gault. Very double with the pleasing pink of Agnes Galt. Gal. \$1.00; from 2¼" pots 35c.

Apricot. Single, rich apricot shaded orange-yellow. Gal. \$1.00; from 2¼" pots 35c.

Brillante. Fiery red. Very popular single. Gal. \$1.00; from 2¼" pots 35c.

Double Orange. Fine shades of bronzy orange. Very double. Gal. \$1.50; from 2¼" pots 50c.

Double Red. Excellent double with deep rose shades. Gal. \$1.00; from 2¼" pots 35c.

Malatoa. Very large flower with beautiful coloring. Single. The most prominent color is a rich pink with a bright red center and fading to a buff-yellow at the outer edge. Gal. \$1.75; from 2¼" pots for mailing 50c each.

Baby Ruffled Scarlet. Lovely variety with bright scarlet flowers, 2 to 3 in. across. Flowers very dainty and attractive, hanging all over the plant. Style column exceptionally long. Gal. \$1.00; from 2¼" pots 35c.

OLEANDER

LANTANAS

Single White. Pure white with red center. Gal. \$1.00; from 2¼" pots 50c.

Double White. Fully double, white. Gal. \$1.00; from 2¼" pots 50c.

Fair Jeannette. Light pink. Gal. \$1.25; from 2¼" pots 50c.

LANTANA

Lantana. These showy shrubs give more color per year than any other plant we offer. They thrive on neglect and if frozen back quickly recover. Full sun. Dwarf varieties in orange, pink, yellow and white. Gal. 50c. All colors. From 2¼" pots 25c each.

Sellowiana (Trailing lantana). Useful for covering banks, parkings. Makes a rapid and thorough covering. Lavender-orchid flowers. Sun. Gal. 50c. From 2¼" pots 25c each.

OLEANDERS

Oleanders (Nerium oleander). Large shrub equally useful and at home along the coast or in the hot desert valleys where they are the showiest summer flowering shrubs. Oleanders have been known since ancient times and have been popular as tub plants in cold regions, being stored in the cellar over winter. Why not try some of these extra fine varieties in tubs. Gal., 75c; from 2¼" pots 35c each.

Cherry Red. Large bright scarlet flowers.

Double Rose. Huge double pink flowers. One of the best.

Mrs. Roeding. Salmon-pink, semi-double.

Single White. Pure ivory white.

POINSETTIAS

Poinsettias are a common sight all winter in California where they are grown to 4 feet, if cut to the ground after blooming, or 8 to 10 feet, if left unpruned. The flowers are bright red leaves surrounding the tiny white true flowers. Easy to grow in any sunny place. Ideal Christmas pot plant.

Single Red. The popular type. Gal., 70c.

Double Red (Henrietta Ecke). The flowers extremely double. Very attractive. Gal., 90c.

Single Yellow. New novelty. Gal., 90c.

TYPICAL FRENCH HYDRANGEA

BIRD OF PARADISE

Bird of Paradise (*Strelitzia reginae*). The exotic Bird of Paradise from Africa is completely hardy in California. Makes a dense clump of long green leaves from which appear the long stems and heads of flowers looking for all the world like a gay tropical bird in orange and deep blue. Can be grown successfully in tubs or large pots or in the open ground. Gal., \$1.50; 4-inch pots, 60c.

HYDRANGEAS

Hydrangea, French Hybrids. Lovely low shrubs, 3 to 4 feet high with large light green leaves and immense clusters of delicately colored flowers. Individual florets very large.

Carmine Red. Choicest red. Gal., \$1.00; from 2 1/4" pots 35c.

PYRACANTHA BRILLIANT CHRISTMAS BERRIES

Pyracantha Duvali (Pat. 346). The showiest and best of the Fire-thorns. Stems literally choked with clusters of large bright red berries. Foliage neat, deep green, narrow. White flowers early in the season are very much like drifts of snow and are followed by amazing crops of berries. Established plants are a sight to remember. 5-gal., \$4.00; gal., \$1.50.

EASTER LILY VINE

Easter Lily Vine (*Beaumontia grandiflora*). Large, rapidly-growing vine with fragrant Easter Lily-like flowers in generous clusters. For sun or part shade, this vine is one of the most amazing we have. The large glossy green leaves could be considered evergreen only where there are no frosts. Generally light frosts are not serious. Gal., \$1.25.

EPIDENDRUM O'BRIENIANUM

The easiest of all orchids for anybody to grow. They make large clumps in good soil and most of the summer are covered with clusters of bright red flowers. Flowers are long lasting and the straight stems can easily be cut. May be grown indoors in pots where the climate is colder. 2 plants for \$1.50, postpaid. Can ship at any time.

AGAPANTHUS UMBELLATUS

BLUE LILY OF THE NILE

Agapanthus umbellatus. On stout, yet graceful stalks this plant bears large umbels of lovely blue lily-like flowers in great profusion during the summer months. The leaves are long and narrow in nice clumps. Agapanthus is delightful when planted in colonies of several bulbs in partially shaded places where the blue flowers show up well against a dark green background, and is most effective if partial sunlight strikes the flowers. Shade is not necessary, it just prolongs the flowering season. Bulbs for shipping, 45c each; 3 for \$1.25, postpaid. Available all year.

SHASTA DAISIES

Shasta Daisy Esther Reed. The best of the Shasta Daisies. Fully double with an anemone or pompon center of small petals. White. Plant in full sun. Makes an excellent cut flower. 4 for \$1.00, postpaid.

Marconi. Large pure white, fluffy flowers. Fully double but showing a contrasting, small yellow center when fully open. A delightful variation in the flower garden. Excellent for cutting. 4 for \$1.00, postpaid.

Mt. Shasta. An improved Esther Reed. Larger flowers on long stems for cutting. The outer petals are remarkably uniform in length. Crest in center as in the Esther Reed. 2 for \$1.00, postpaid.

Shasta Daisies can be shipped from Jan. to June.

POINSETTIA GERANIUMS

Red Poinsettia Geranium. A novelty that is really different. Although the individual flowers are small they make quite a show in the cluster when the plants are fully in bloom. Individual petals long and narrow, suggesting a Poinsettia, and the same bright red color. 50c each.

Pink Poinsettia Geranium. Like the red listed above but flowers a lively pink. 50c each.

SHASTA DAISY, ESTHER

POINSETTIA GERANIUM

EPIPHYLLUM ROSETTA

CHRYSANTHEMUMS

Any of the following well-rooted cuttings 25c each, postpaid.

Exhibition Types

- Bob Pulling.** Deep yellow flowers with incurved petals.
Conquest. Flowers very large, often 8 inches across. Reddish-bronze with orange reverse—Halloween colors.
Coronation Amaranthe. Very large flowers with broad petals of French Mauve loose and incurved. Reverse of petals silvery mauve.
J. C. Neill. Bright yellow. Very large flowers. Petals reflexed. A beautiful flower when well grown.
Olivetta. Flowers often 8 inches in diameter, deep pink irregularly incurved petals.
Percy Lancaster. Huge shaggy flowers of broad, incurved petals. A beautiful rosy pink with silvery reverse.

Secretary Hyde. Large globular flowers. A striking bronze.

William Vert. Large crimson flowers. Petals reflexed.

Spidery Type

Bronze Chief. One of the finest bronze spiders. Grows to medium height but with a strong stem. Late November.

Butterfly. An excellent yellow spider. Tubes of medium length. Stem medium height. Full bloom late October.

Mamoru. Brilliant orange, narrow tubular petals slightly hooked at the tips and a deeper orange toward the flower center. October.

San Gabriel. Deep yellow tubular petals with tips hooked and curled upwards.

Sue Sally Jones. Large yellow showing bright golden center. Tall growing but sturdy.

Silver Lace. Pure white, quilled type with reflexed petals and hooked tips.

Virginia. Large clear yellow with long quilled petals open at the tips and reflexed to nearly twice the width of the quills.

White Virginia. Pure white form of Virginia.

Wm. C. McCabe. Bright golden yellow tubular type petals only slightly hooked at the tips.

EPIPHYLLUMS

Orchid Cacti. One of the finest flowering plants for semi-shaded or fully shaded places. They are particularly fine when placed in containers suitable for hanging on the trunks of trees or against walls, such as wire baskets.

Plant in a well drained soil compounded of sand, garden soil and leafmold in about equal proportions. Top dress in early spring with manure and later on about a month after the blooming season using any good commercial fertilizer. Although the soil should be moderately moist at all times the drainage should be quick and thorough. Epiphyllums are not desert cacti, rather their original home is in moist climates where they grow mostly in trees as do some orchids.

NEW AND RARE VARIETIES

Cattleya. Inner face of petals orchid, outer blood red. \$1.50.

Dr. Werderman. Lavender with bright red edges. \$1.00.

Fire God. Large deep burnt orange flowers. \$1.00.

Orchid Supreme. Light orchid. \$1.00.

Paradise. Orchid petals shaded red at edges. \$2.00.

Southland. Flowers clear orange. \$1.00.

STANDARD VARIETIES

Rooted Cuttings, 3 for \$1.25, Postpaid

Amber Queen. Large amber and red flowers with attractive wine red margins.

Argus. Apricot with cherry red eye.

Cooperi. Large sweet scented flowers in cream and white. Late

Conway's Giant. Best deep crimson. Petals with purple overtone.

Deutsche Kaiserin. Profuse. Delicate pink flowers. Hanging basket type. Flowers suitable for corsages.

Gloria. Large wide open flowers. Uniform salmon-orange or light amber. A very good bloomer.

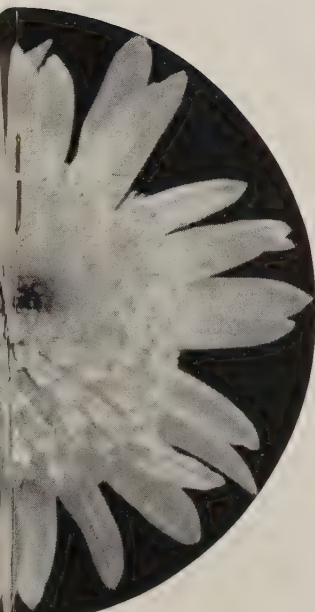

Hermosissimus. Large red and purple flowers. Edges shaded lavender.

Mount Hood. Early white flowers.

Padre. Distinctive cup and saucer type. Light salmon pink.

Rosetta. Flowers medium size. Deep rose pink. Often flowers in winter.

The above are available for shipping all year.

ESTHER REED

GERBERAS

Gerbera Jamesoni Hybrids, Transvaal Daisies. This is one of the finest perennials for the garden and cutting. Forms low tufts of foliage from which rise slender graceful stems bearing beautiful daisy-like flowers in a wide range of color. They are long-lasting and brilliant although many are pastel colors that combine well with living room furnishings when made into bouquets. In California they bloom over a long period but in colder climates give a light mulch during winter and enjoy their exquisite blooms in summer.

Single Gerberas. Choice strain including many of the best colors. When planting the crown of the plant should be high enough that it won't stand in water. This is especially true for our eastern customers. Root divisions 20c each; \$2.00 per dozen. Postpaid.

Double Gerberas. The center of the flower is completely double. We offer five color selections that seem to be the best available. **Red, Orange, Yellow, Purple, and Pink.** Root divisions 50c each; 2 for \$1.00. Postpaid.

DOUBLE GERBERAS

YOU PROBABLY HAVE SPACE FOR A GOOD POT PLANT

We have sold many of these in the last few years for just such a place as yours. They seem right at home in the average home as long as they don't freeze and get a fair amount of sunshine. They are called **Billbergia amoena**—look like a small pineapple plant but with a smooth bronzy green, spineless, and during the summer long pendant sprays of flowers appear in a patriotic rocket in red, greenish-white, and blue. Makes a fine gift plant. \$1.50 each, postpaid.

TRANSVAAL DAISIES

Give Plants This Christmas

Your gardening friends and relatives will certainly appreciate a gift of choice California grown plants for their gardens. We will acknowledge your gift to the recipient with an attractive seasonal card which will state when the plants will be shipped. Gift orders should be received at least a week before the holiday to allow ample time for our card to be sent. Plants will be shipped at the proper planting time.

Thornless Berries are Best for the Home Garden

The following four varieties are all the newest types available. Heavy bearing and without thorns they will not scratch or tear your clothing.

Cameron Berry. A truly delicious blackberry, almost seedless, with soft edible core. Excellent with sugar and cream as a dessert or make into jelly. 35c each; \$3.50 per dozen.

Boysenberry (Thornless). Like the older Boysenberry in quality and production of large luscious berries but without thorns. Each 35c; doz., \$3.50.

Loganberry (Thornless) (Pat. 82). Vigorous vines with heavy crops of dark red delicious berries. One of the best for making juices or for drying. Each 40c; doz. \$4.00.

Youngberry (Thornless). Fine flavored deep purple berries. Almost seedless and of fine flavor. Vines vigorous and very productive. Each 35c; doz., \$3.50.

PEACH, BABCOCK

Fruit Trees for Local Sales

Interstate (and some intercounty) quarantine regulations are getting too complicated for our limited help. We, therefore, find it impractical to ship fruit trees for the present.

From January to March, we expect to have a good assortment of popular varieties for our local customers. These will be in bare root ready for immediate planting and at current prices. Please call and make selections at the nursery. No Mail Order.

STRAWBERRY, ROCKHILL

For the small backyard garden no fruits are as valuable to the home gardener as this. Berries take little room if properly trained. Along the boundaries of the garden a fence-like trellis will support a number of vines. Planting them two to three feet apart, one can readily determine the number of plants his garden will accommodate. Plant a variety. Strawberries will do well in beds or borders of the vegetable garden. Plant these about a foot apart in 2 to 4 or more rows.

STRAWBERRIES

25 for \$1.00; per 100, \$3.50, except Rockhill

Blakemore. Large early berry of fine quality and flavor.

Dorsett. Productive large early berry. Extra quality flavor and firm texture.

Gem Everbearing. Beautiful sweet berries, continue on through fall, after other berries have finished bearing.

Klondike. Extensively grown in warm climates. Healthy green foliage and firm fleshed deep red berries.

Mastodon. Everbearing. Good crop through summer and fall. Fruits first season.

Rockhill No. 26. Finest flavored of all everbearing berries. Makes bushy growth but produces runners at certain seasons which enables increase of stock. Doz. \$1.75.

RASPBERRY

35c each; doz., \$3.50.

Cuthbert (Red Raspberry). The large deep red fruits are delicious, tender and fine flavored.

Munger (Black Cap). Large delicious fruits.

Sodus Purple. Tart flavor makes fine jellies and pie. Crops ripens until fall.

For Every Garden Plant Marsh's Better Plants

We are interested in your garden success for with your satisfaction our nursery business grows. During the 13 years since our establishment in Pasadena, we have been constantly distributing the best ornamentals and fruit trees obtainable. Another feature of our service to Pasadena has been our constant search for new and improved plants for your garden—unusual ones and those with special qualities that make your garden better than your neighbor's.

AMONG OUR INTRODUCTIONS NOT LISTED ELSEWHERE IN THIS CATALOG FOR THE VEGETABLE GARDEN

Bronze Romaine. As ornamental as purple cabbage. Makes neat tufts of very bronzy leaves. Very colorful in the garden—delectable as a salad vegetable. Easy to grow. Give the same treatment as Lettuce or regular Romaine. Pkt. 25c.

Heta Cucumber (Trade Mark). An easily grown cucumber producing long, smooth, spineless fruits perfectly edible even when 18 inches long. The skin is a pleasing light green color and so thin that peeling is unnecessary. Flesh white, crisp and sweeter than that of ordinary cucumbers and causes no gastric disturbances whatever. Pkt. 25c.

Selected "Top Notch" Dahlias

From the private collection of Mr. Wallace Roloff, a local Dahlia fancier whose selection and choice of the list will meet the strictest requirements. Since he has selected the varieties after thorough trial in his garden and judged them for their real value—color, amount of bloom per season, stem and keeping quality—we feel sure even the most advanced Dahlia fancier will appreciate having a list of the best with the poorer varieties not even listed. Some are new, others of a few seasons.

Prices are for tubers. Shipped from March to June 1.

INDICA AZALEAS

Indica Azaleas. We have specialized in this group of Azaleas. Our stock is of exceptional quality, bear large quantities of large showy flowers, 3 to 3½ inches across, some single, others double, in delicate colors. The foliage is glossy, lively green, lasting well throughout the year. Main period of bloom from Christmas until Easter.

Plant in peat with good drainage and be sure they get plenty of moisture. Planting holes should be made several times larger than the container and filled with soil made of at least half peat moss and half good garden soil. Use acid fertilizer only, avoiding any lime in water or fertilizer. Acidity can be kept up by applications of soil sulfur or alum.

6-inch pots, \$2.00.

Albert-Elizabeth. A very popular double. Not as colorful as the others but very dainty and lovely. Pure white petals with a light pink edge. Daintily ruffled.

Charles Encke. Large single flowers, variegated pink and white.

Erie. Very double flowers. Pink and white variegated.

Hollandia. Very double, large Orient red. A very choice and showy flower. Good size blooms and excellent foliage.

Mme. Vandercruyssen. Large double flowers clear salmon pink.

Paul Schame. Most popular of all indica azaleas. The large double salmon-pink flowers are a pure clear color. Very showy when in bloom.

Pink Pearl. Pale delicate pink. Large flowers.

Prof. Walters. Large ruffled flowers pink and white.

Rosiflora. Double flowers of deep salmon-pink, very much like Cecil Brunner roses.

Simon Mardner. Exquisite double flowers of excellent form. Petals ruffled or waved at margin, rose madder with a few spots of deeper color.

Snowdrift. Semi-double flowers of pure glistening white.

Vervaneana. Double rose pink flowers edged with white.

Vervaneana alba. Flowers pure white.

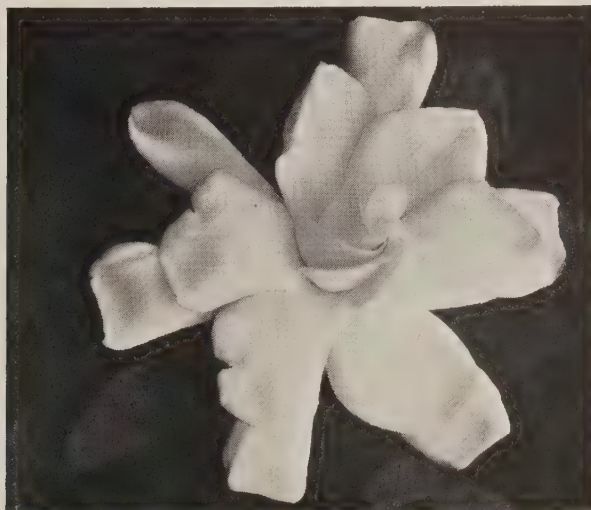

Vervaneana Coral. One of the best color selections of a choice variety that has produced many forms. Flowers large, double. Rose opal with prominent rose red spots on the upper petals.

We offer the following three choice varieties from 2¼-inch pots: **Paul Schame**, **Professor Walters** and **Snowdrift**. For mail orders. 3 for \$1.25, postpaid.

GARDENIA MYSTERY

GARDENIAS

Gardenia Mystery. Of the many forms of gardenia offered by nurseries, we have selected and grown this variety as the best of the lot. It is an improved form with exquisite large double flowers. Blooms profusely during summer. Does best in sunny situation. From 2¼ in. pots, 3 for \$1.25, postpaid.

DWARF MEYER LEMON

The Meyer Lemon has been one of the most useful of fruits for California. Quite hardy, it can be grown as far north as San Francisco. An ornamental of top merit, with delicious flavorful fruit as well. For climates with cold winters the Meyer lemon makes a fine potted plant. 1-gal. \$1.25.

**Potted Azaleas Make Beautiful Gift Plants.
See Complete List Above.**

CAMELLIA, COLONEL FIERY

MARSH'S CAMELLIAS RARE AND UNUSUAL VARIETIES

Camellias have become very popular in the last few years, for these ornamental evergreen shrubs have exquisitely beautiful flowers during the winter and spring. Contrary to most plants, camellias never get old and worn out, instead they become more valuable as they get larger.

They are easy to grow in a shady, sheltered location; an acid soil with good drainage in which generous quantities of leaf mold or peat have been added. They require generous amounts of water during the growing season, but they should never become stagnant for lack of drainage. Withhold water and fertilizer during the dormant season when the flowers appear.

Aloha. A most magnificent large full peony-type Camellia. The color is dark salmon-rose and very striking. 5-gal., \$6.50; gal., \$3.50.

Belle Romana. Large light pink double flowers, profusely striped, splashed and penciled with crimson. Vigorous and free-flowering. 5-gal., \$5.50; gal., \$2.75.

Caprice. Double creamy white flowers, 4-5 inches across, with texture of Gardenia. Bushy shrub with excellent deep green foliage. Gal., \$2.75; 5-gal., \$6.00.

Chandleri elegans. Most popular of the peony-flowered camellias. Soft rose with center of tightly curled petals. Flowers are variously marked with white, making a soft and interesting contrast on the large flowers. 5-gal., \$6.00; gal., \$3.00.

Mr. C. L., Reedley, Calif.

"I purchased 12 Pasadena Tournament and Red Sweetheart roses from your nursery last March 16th and on June 2nd I counted 74 buds and blooms on one plant. To say I am delighted with them is a mild statement, and I will gladly recommend them to anyone as superior to anything I have ever seen in a tree rose and I would never dream of another rose garden without including a few Red Sweetheart and Pasadena Tournament trees roses."

C. M. Hovey. Also known as Julia Drayton. Very large red camellia, semi-double with golden stamens standing in a stiff central column. Spectacular, fast-growing and free blooming. Gal., \$4.00.

Colonel Fiery. Very popular red camellia—deep bright red with many petals arranged close together, making a flat-topped exquisitely symmetrical flower. 5-gal., \$7.50; gal. \$4.00.

Covina. Medium size flowers fully double. Bright pink. A bushy, free-flowering shrub often used in tubs or large pots. 5-gal., \$5.00.

Daikagura. A beautiful peony-shaped flower, deep rose, splotted with white. Central petals twisted and curled. One of the first to bloom. 5-gal., \$5.00; gal., \$3.00.

Daikagura Red. Clear deep rose red; flowers brilliant and clean-cut. Same characteristics of foliage, flower shape and blooming season as Daikagura. 5-gal., \$5.00; gal. \$3.00.

Della Robbia (Meridith Lake). Exquisite flowers; white with a pale lilac overtone. Semi-double, of moderate size and Gardenia-like texture. Unusual and choice. 5-gal., \$6.00.

Dixie. Large flowered formal flowers of rose-pink. Has a remarkably long season of bloom 5-gal., \$6.00.

Donklaeri. Very free flowering. Large petalled, double Camellia. Deep cherry-red, marbled with pure white. Intense unfading color. Shows contrasting golden stamens in center. 5-gal., \$6.00; gal., \$2.50.

Eleana Nobile. Unique flame-red double camellia. Free-growing and late flowering. Open flowers show a few golden stamens. 5-gal., \$6.50; gal., \$3.00.

Enrico Bettoni. Lovely formed fluffy peony-type camellia. Salmon-rose. 5-gal., \$5.00.

CAMELLIA, CHANDLERI ELEGANS

Fanny Bolis. Large red flowers with white blotches. Enormous petals pleasingly arranged and show a few golden stamens. 5-gal., \$6.00; gal., \$2.50.

Finlandia. Semi-double white of exceptional beauty. The porcelain texture of the petals is lovely with the golden yellow stamens. Sometimes showing red markings. 5-gal., \$6.50.

Francine. Most readily recognized as a solid colored Chandleri elegans. The flowers have the same size and lovely form, but are a uniform pleasing camellia-rose color. 5-gal. \$6.50; gal., \$3.00.

General Douglas MacArthur. New. Large dark red flowers; very full and double. 5-gal., \$6.50.

Grandiflora rosea. Huge semi-double flowers with broad rounded salmon-rose petals showing a column of golden stamens in the center. 5-gal., \$5.00; gal., \$3.00.

John Laing. Compact medium size flowers of soft salmon-pink. 5-gal., \$5.00; gal., \$2.25.

Jordan's Pride. Delightfully fragrant flowers 5 to 6 inches across. Semi-double with large broad petals, light pink with a broad irregular border of white and frequently broad radiating stripes of red. Gal., \$3.00.

Lotus. The largest and most exquisitely formed of all white camellias. Semi-double, the flowers remind one of pure white lotus flowers enhanced by the golden stamens. Subject to supply. 5-gal. \$8.00; gal., \$4.00.

Otome Red. Medium size, deep cherry red flowers. Petals informally arranged, broad and rounded. Double, but showing some yellow stamens in center. Bushy growth. 5-gal., \$5.00; gal., \$2.50.

DELPHINIUM

DELPHINIUMS

Delphinium Pacific Hybrids. This glorious garden plant lends its tall stately flower spikes to grace any garden. Since the introduction a few years ago of this strain of Delphinium it has become the standard of perfection among garden Delphiniums. The individual florets are quite large, many times they are 2 inches or better across in well fertilized plants and come in several distinct shades. We offer mixed colors only which may include light and dark shades of blue, pink, lavender, to purple and white. 50c each. Young plants (best for shipping), 6 for \$1.00, postpaid.

GLOXINIA

PYRACANTHA

PYRACANTHA

Christmas season our eyes center on all red berries. Every kind on the market is being advertised and shown. Out of these, we prefer Pyracantha Duvali.

We have grown this variety and shown it here in Pasadena for the past seven years. We do not claim this to be the darkest berry, but it is the best **RED** berry and never fails to catch the eye. It is the biggest clustering berry—it has resisted all diseases.

It is not a berry birds will not eat. However, we have yet to find one that will not attract birds. But there is a distinction among berries. Pyracantha Duvali, although red, is not ripe until after Christmas. Being sour, the birds will not touch the berries until after Christmas, when they are ripened.

Beautiful plants in gallon cans—loaded with berries—at \$1.50; 5-gal., \$4.00.

For delivery of well berried plants for the Christmas season be sure to place your order well before December 1. Shipping weight: gal. 12 lbs.

GLOXINIAS

Lovely, colorful plants for growing in pots for shady places. Start as you would Tuberous Begonias and pot up in a compost made of sand, loam soil and leaf mould. Water by soaking the pots, never overhead as it may spot the leaves. The waxy tubular flowers have wide flaring throats and come in a variety of rich colors. **Mixed only.** 35c each; \$3.00 per doz. Postpaid.
